Fernanda, the feminist activist

Fernanda runs a women’s collective focused on reproductive rights in Colombia, where abortion is illegal except in extreme circumstances. Fernanda and her colleagues want to build a website with information about abortion access, birth control, and other resources for people seeking reproductive information. However if this website were linked back to them they may be arrested – or worse.

Fernanda has heard that a Tor onion service will not only protect them from being discovered on the server, but will help protect visitors to their website too by requiring that they use the Tor Browser. In fact, Fernanda plans on using Tor Browser for all her web browsing, just to be on the safe side.

**Motivation**

Fernanda wants to be able to access and publish outreach material on proscribed topics without fear of surveillance and arrest.
